NGUYỄN TRUNG KIÊN

FRESHER BACKEND NODEJS

Dob: 06/03/2004
Phone: 0975286794
Email: nguyentrungkien040921@gmail.com
Address: Cái Răng, Cần Thơ
Portfolio: https://porfolio-rho-one.vercel.app

OBJECTIVE

Fresher Backend Developer skilled in Node.js and NestJS, eager to build scalable APIs in a professional environment.

EDUCATION

2022 - 2026

Đại học Tây Đô
Công nghệ thông tin
GPA: 3.4/4.0

SKILLS

Languages	Javascript, Typescript
Frameworks	Node.JS, ExpressJS, NestJS
Database	MySQL, PostgreSQL, Redis
Tools	Git, GitHub, Postman
Other	RESTful API, JWT

WORK EXPERIENCE

5/2026 - 7/2026

Công ty TNHH Giải pháp Hopper
Intern Fullstack Developer

- Implemented mobile app security: biometric login, OTP verification, and multi-device session management.
- Built financial dashboard with statistics APIs, data visualization charts, and advanced transaction filtering.
- Developed Wallet module with QR payment (scan/generate) and deep-link payment integration.
- Integrated third-party email service and built base layout/navigation for web platform.

PROJECTS

2/2026 - 5/2026

Used Motorcycle Trading Platform
Personal project
Technologies: React, TypeScript, NestJS, PostgreSQL, Socket.IO, Redis, Google Gemini API
Key Features:

- Built full-stack marketplace with role-based auth(OTP, Google OAuth, 2FA) and multi-device sessions.
- Real-time chat (Socket.IO) and listing management with admin approval workflow.
- Monetization: Subscription plans, featured listings, payment integration.
- Integrated MoMo payment for subscription/featured listings and Gemini API for AI-assisted features.
- Admin dashboard with revenue analytics, user/listing moderation, and transaction management.
